

SFIA Deep Dive

Explore SFIA further with the experts who helped develop it

The SFIA Deep Dive course provides an opportunity to explore the SFIA framework with the experts who helped develop it.

This course will cover each of the 17 SFIA sub-categories in detail and cover off the most popular skills in the framework.

Objectives

The SFIA Deep Dive course provides:

- attendees with in-depth knowledge of the most common SFIA skills
- tips on how to recognise different SFIA skills within the 6 categories
- techniques and methods for validating individual skills and levels.

Course Format

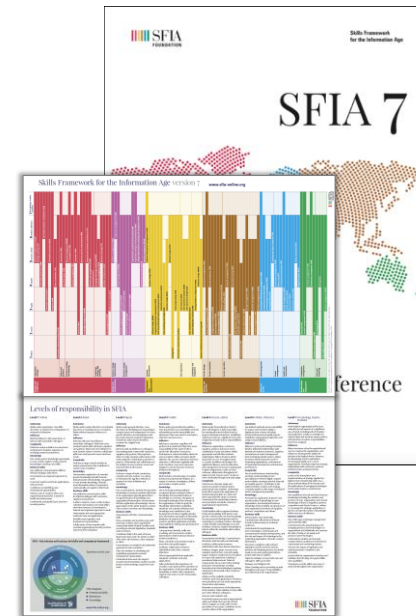

Course can be held publicly at a city-based venue, or for groups, onsite at your premises. One-day face-to-face instructor-led training.

Materials Provided

Presentation slides, case studies, videos, and certificate of attendance

Course Content

- **SFIA categories and the IT Operating Model**
- **Strategy and Architecture**
 - Standards
 - Frameworks
 - Departments/Functions/Teams
 - Roles/Jobs
 - Considerations, Advice & Guidance
- **Change and Transformation**
 - Standards
 - Frameworks
 - Departments/Functions/Teams
 - Roles/Jobs
 - Considerations, Advice & Guidance
- **Development and Implementation**
 - Standards

 - Roles/Jobs
 - Considerations, Advice & Guidance
 - Learning tools

The Skills Framework for the Information Age (SFIA) is an internationally accepted common language for the skills and competencies required in the realms of ICT, Digital, Information and Cyber Security, and other similar technology-dependent disciplines.

SFIA allows organisations and individuals to understand:-

“The skills that you have”
VS
“The skills that you need”
and act on the results

Professional Services

- Representation on the SFIA Council, SFIA Global Design Authority & Project Board for SFIA updates
- Most experienced team of SFIA Accredited Consultants worldwide
- Deliver more SFIA Accredited training worldwide than any other SFIA Partner
- Established in 1998
- Operating companies based in UK, Australia, and USA
- Professional Services resources in all geographies
